DERMAPEN 4 SKIN NEEDLING

Skin Needling uses micro needles on a medical grade pen that is moved over the skin creating tiny, evenly-spaced punctures on the skin. These micro-punctures go through the skin with minimal damage to the upper epidermal layer, but creates a microscopic, painless injury to the deeper dermal layer. The minor injury triggers a “wound-healing” response in the skin, resulting in increased production of collagen and elastin.

Dermapen 4 glides over the skin creating millions of fine fractional channels up to 104% faster than other microneedling devices. These channels can carry up to 80% more topical nutrients deeper into the skin. In turn our body’s natural response triggers a natural process of repair.

A series of skin needling treatments can be used for resurfacing, retexturising and overall skin renewal on the face, neck and décolleté. Ideal for visibly treating appearance skin concerns, such as: fine lines and wrinkles, acne, skin tightening, pigmentation enlarged pores and more...

Before starting any skin needling treatments we require you attend a consultation.

SKIN NEEDLING CONSULTATION

45mins \$67

This consultation is redeemable on specific treatments

Can be used towards a Skin Needling Treatment, Intensive Facial Treatment, Microdermabrasion, or Omnilux Treatment.

During your skin needling consultation, we will thoroughly assess your skin condition and discuss the areas you would like to treat, we will also run through what the treatment involves, what essential pre and post care is required on your behalf and recommend a treatment plan designed to help you reach your desired results.

FULL FACE & NECK TREATMENT

60mins \$400

One-off full face & neck skin needling treatment.

Please note, best results are achieved with a series of treatments. Your therapist will discuss the number of treatments required to achieve your desired result during your skin needling consultation.
